PLEASE READ AND SIGN

I recognize that registration in a Tribone Center for Clinical Legal Education Clinic or Program demands a serious time commitment (students are expected to complete a minimum of 10 hours per week) and involves live legal work on actual cases for which I will be responsible.

I recognize that this Clinic / Program will be a major commitment during my enrollment. I understand that I may not be engaged in work or extracurricular activities that interferes with my obligations to the Clinic, my clients, and colleagues. I further recognize that the number of students enrolled in the Clinic is limited and fixed. Enrollment in the Clinic cannot be increased or decreased once the semester begins.

I agree that upon my acceptance of the offer of admission to the above named clinic or program course, I will not thereafter choose to drop the course except for compelling reasons and with the permission of the Clinic Director and the Associate Dean.

I also agree to attend the mandatory clinic orientation on August 19, 2017.

EXTERNSHIP INTEREST FORM

Some general requirements for participation in the externship program include, but are not limited to the following:

Eligibility begins after a student has completed his or her first year, provided the student is in good academic standing. First-year day and evening students are not eligible for participation in externships. However, we encourage first-year students to register for a second-year externship, prior to the issuance of final first-year grades. The Law School retains the discretion to tentatively approve such registration on the condition of a subsequent good standing determination.

All Fall/Spring Externships are 1-3 credits, semester-long, Pass/Fail courses requiring 46-140 hours of work over the 14-week semester. Summer Externships are for 1-6 credits, Pass/Fail courses requiring 46-280 hours of work over the summer. The externships take place at a government, judicial or non-profit entity. All externships have a mandatory seminar component.

You may not register for an externship if you are registered for any other Externship or Clinic in the same semester without faculty approval.

Credits earned in externships are classified as non-traditional credits. A student may complete a total of eighteen (18) non-traditional credits during his or her law school tenure.

Enrollment in clinical programs is binding. Students accepted into clinics will be required to execute a Commitment Agreement. This policy will be enforced to protect students who might otherwise be excluded from obtaining a clinic seat, clients who might not otherwise be adequately served, clinic morale, and the Law Clinic’s relationship with other institutions and organizations.
