

PENNSYLVANIA LEGISLATIVE HISTORY – A RESEARCH GUIDE

-Duquesne University Center for Legal Information

Prepared by Tsegaye Beru

WHY RESEARCH LEGISLATIVE HISTORY?

Researching legislative history is important in order to:

- Discern the intended purpose for enacting the law.
- Ascertain the original intent of the legislature.
- Decipher the intended meaning of a particular act, especially when language used in the statute is ambiguous, etc.

In order to accomplish these tasks, a researcher needs to examine various documents such as:

- Sponsor Bills
- Testimony of Experts
- Debates
- House and Senate Versions of the Bill
- Revised versions of bills, sometimes referred to as Conference Reports
- Executive Documents on the bill, etc.

As printed materials may not be readily available, you may be required to research online, such as www.Legis.state.pa.us and other online and telephone resources listed in this research guide.

- To obtain Pennsylvania House Bills call 717-787-5320
- To know a bills' status call 717-787-2342
- Senate Bill room 717-787-6732
- For Pennsylvania Legislative Reference Bureau call 717-787-4816
- Chief Clerk of the House 717-787-2372
- Chief Clerk of the Senate 717-787-6732

BASIC STEPS IN CONDUCTING LEGISLATIVE HISTORY

To begin your legislative research, you will need the following materials. You may use one or all of them in order to conduct meaningful research.

- 1.) Title or General Index of Purdon's Pennsylvania Consolidated Statutes/
Purdons Pennsylvania Statutes Annotated.
- 2.) Laws of Pennsylvania
- 3.) History of House and Senate Bills
- 4.) Legislative Journal

► Finding Legislative History for "Pennsylvania License Plates"

The first step in performing legislative history research is to find the title and section number in Purdon's Pennsylvania Consolidated Statutes. There are four different methods that can be used to find this information. Each method is described in more detail below.

PURDON'S SEARCH METHODS

There are a number of different ways that you can search for statutes in Purdon's Pennsylvania Consolidated Statutes Annotated or Purdon's Pennsylvania Statutes. We will examine the title index method, the topical method, the general index method, and the popular name table method. Each search strategy is outlined below.

A. TITLE INDEX METHOD

The Title Index method is used when you are familiar with the subject area that you are researching, as in for example, "Title 75 Vehicles". The Title Index for Title 75 is found after the last section of the Title. The Spine reads, "§ 4101 to END INDEX". See the illustration below.

► Finding Legislative History for "Pennsylvania License Plates"

Title 75 of Purdon's Consolidated Statutes is "Vehicles". If you look at the last volume underneath this Title, it reads:

§ 4101 to END Index

MOTOR VEHICLES—Continued
 License fund—Continued
 Oil company franchise tax, deposits, 75 Pa.C.S.A. § 951
 License plates, 75 Pa.C.S.A. § 1331 et seq.

In the Title Index, look for "License Plates". The Index will then direct you to look under "*Motor Vehicles, this index*". This means that you will need to first look for the heading "Motor Vehicles", and then you can look for "License Plates" underneath this heading. When you finally find "license plates" you will find the title and section number to read as:

75 Pa.C.S.A § 1331 et seq.

B. TOPICAL METHOD

The Topical Method involves using the Title Page, found at the beginning of each volume, in order to quickly locate the chapters that are included in that particular Title. The Title Page contains a listing of the Title’s chapters, along with the chapter name and section number. Each section number is further broken down into Subchapters, which are organized by letters (A,B and C for example). The subchapters contain then contain section numbers, which are listed at the beginning of each subchapter.

► **Finding Legislative History for “Pennsylvania License Plates”**

If you go the Titles Page for the listing of chapters under Title 75 of the Motor Vehicle Code, you will see the following chapter relating to the Registration of Vehicles:

13. Registration of Vehicles1301

<p style="text-align: center;">SUBCHAPTER B. REGISTRATION PLATES</p> <p>Section 1331. Issuance of registration plates. 1332. Display of registration plate. 1333. Lost, stolen, damaged or illegible registration plate. 1334. Return of registration plate. 1335. Registration plates for manufacturers and dealers.</p>	<p>Once you find the section number you can quickly locate “Registration of Vehicles” as chapter 13. Once you find Chapter 13, you will notice that it is broken down into three subchapters- A, B and C. Subchapter B is Registration Plates. The subchapter is also broken down into sections.</p>
<p>REGISTRATION PLATES 75 Pa.C.S.A. § 1331</p> <p>§ 1331. Issuance of registration plates</p> <p>(a) Department to provide plates.—Registration plates shall be provided by the department.</p> <p>(b) Information on plate.—Every registration plate shall have displayed upon it the identifying numbers or letters assigned to the vehicle, the name of the Commonwealth, which may be abbreviated, and any other data the department may deem necessary.</p>	<p>In Subchapter B, Section 1331 reads “Issuance of Registration Plates”. This is where you find the pertaining statutes.</p>

C. THE GENERAL INDEX METHOD

The General Index method is very similar to the Title Index method, except that you use the General Index volumes, which are separate volumes found at the end of the Purdon’s set. In order to find the appropriate Title and section number, begin your search by alphabetically browsing the indices for a key phrase or concept. Using the cross-references provided, you will eventually locate the applicable title and section number.

► **Finding Legislative History for “Pennsylvania License Plates”**

In the General Index, look for “License Plates”. The Index will then direct you to look under the cross reference “Motor Vehicles, this index”. This means that you will need to first look for the heading “Motor Vehicles”, and then you can look for “License Plates” underneath this heading. When you finally find “license plates” you will find the title and section number to be **75 Pa.C.S.A § 1331 et seq.**

D. POPULAR NAME TABLE METHOD

The Popular Name Table method is most commonly used when you know the exact act name (i.e. Lemon Law) as it was enacted into law. The Popular Name Table can be found at the end of the second volume of the General Index. The Acts are arranged alphabetically.

► Finding Legislative History for “Pennsylvania License Plates”

Since “License Plates” is not the name of an act, it is not listed in the popular name table. However, the term “Motor Vehicles” is listed. If you went to title 75 as listed in the Table, you could use the same techniques as those used in the General Index Method in order to find the exact section number.

FINDING THE SOURCES FOR THE LEGISLATIVE HISTORY

Once you find the appropriate title and section number in Purdon’s Pennsylvania Statutes, you will have all the information that you need in order to trace the law back to its original bill. In order to do this, you must examine the Acts information found in Purdon’s. (See example below).

► Finding Legislative History for “Pennsylvania License Plates”

At the end of Title 75, section 1331 “Issuance of registration plates,” you will see **1976, June 17, P.L. 162, No.81 § 1, eff. July 1, 1977.**

The information is broken down for you below.

- ❖ **1976** is the year the bill was enacted into law.
- ❖ **June 7** is the date the bill was signed into law.
- ❖ **P.L. 162** is the page in the Laws of Pennsylvania where the act appears. The “P.L.” is not the public law number as some people mistakenly assume. It stands for Pamphlet Law which is similar to page number. This was how the Laws of Pennsylvania were customarily referred.
- ❖ **81** is the 81st act that became law in 1976
- ❖ **§ 1** is the section in the whole act of 81
- ❖ **July 1, 1977** is the effective date for the law to be enforced.

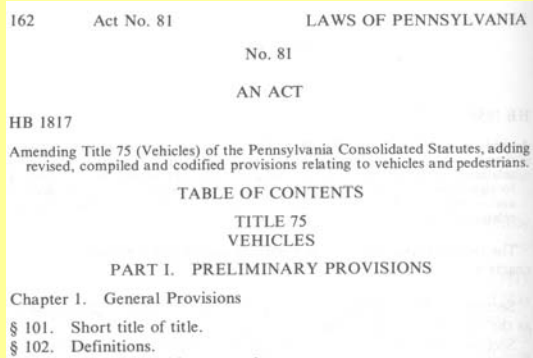

Now that we have located the source (Laws of Pennsylvania), the year, and the page number of the Act that we are researching, we must next find the bill number that eventually became the Act. This process involves locating the pamphlet law number (or page number) in the Laws of Pennsylvania, locating the Bill number and Act number, checking the chronological listing of events in the History of the House or Senate Bills and finding the deliberations on the bill as listed in the Legislative Journal. For acts dated before 1965, there is a chart or table that lists act numbers and their corresponding bill numbers, printer’s numbers and date of approval. Let’s examine this process using our example, “**Pennsylvania License Plates**”

► Finding Legislative History for “Pennsylvania License Plates”

Go to page number (pamphlet number) 162 in the Laws of Pennsylvania for 1976.

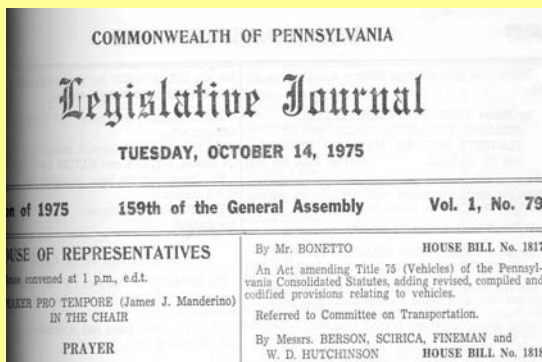

DO NOT CONFUSE THE PAGE NUMBER WITH THE ACT NUMBER.

On the top right hand corner, you will find **HB 1817**. This is the House Bill number 1817 that was introduced in the 1976 legislative session and later became act number 81.

Now, go to the “History of the House Bills” for 1976 (shown below). You will see the chronological listing of events such as referral to committees and considerations on the bill.

The last step is to go to the House Journal for 1976 and follow the dates listed on the history of House Bills above and see the deliberations on Bill NO. 1817.

NOTE: From reading the history of the bill, we learned that the bill was referred to the Transportation Committee on Oct 12, 1975. This is, however, reported in the Journal on October 14, 1975.

OTHER SOURCES TO FIND LAWS ENACTED IN PA

	<p>Pennsylvania Session Laws</p> <p>Beginning in 1997, the <u>Purdon's Pennsylvania Legislative Service</u> was bound into the Pennsylvania Session Laws. This publication is important for the following reasons:</p> <ul style="list-style-type: none"> ❖ It serves as a second source to find laws enacted in Pennsylvania since 1997. ❖ It provides the act as well as the bill number. ❖ Amendments and deletions to existing laws as designated by underling and strikeouts. ❖ It illustrates new law without legislative markings.
	<p>Purdon's PA Legislative Service</p> <p>Through a series of pamphlets issued during the current session of the General Assembly, this publication provides :</p> <ul style="list-style-type: none"> ❖ Amendments and deletions to existing laws as designated by underlining and strikeouts. ❖ Enactment of new laws chronologically. ❖ Separate page explaining the general effective dates of the laws and its exceptions and an alphabetical listing of Acts in that individual pamphlet. ❖ Cumulative tables showing Purdon's Pennsylvania Statutes and Purdon's Pennsylvania Consolidated Statutes affected by acts contained in this service. ❖ Cumulative table showing Senate and House Bill numbers of laws enacted, together with their designated Act Numbers in Purdon's Pennsylvania Legislative Service. ❖ Cumulative table listing court rules additions, amendments or deletions contained in the Service and a Cumulative descriptive word index.

VI. USE OF THE ANNOTATED VERSION OF PURDON'S

The annotated version of Purdon's Pennsylvania Statutes are helpful as a supplement to the legislative history research for the following reasons.

- Provide case law at the end of the section of the statute interpreting that section of the statute by courts. This may lend itself to actually defining what the law is.
- Provides law review articles written on that section, thus providing the meaning and purpose of the statute
- Provides sources for encyclopedias, thus further reading into the law
- Provides ALR Annotations that provide write ups on a particular act and providing additional secondary materials
- Gives West digest topic and key number as well as Westlaw key number
